

College Changes Everything

Jovanna Wiggins - ACCESS Alumna

Education:

Lakeland High School;
B.S., Virginia Commonwealth University

Current Position:

Applying for Grad School for Pharmacy

Proudest Moment:

Being the first in my family to go to a university has opened up my family's eyes to know that there are better opportunities out there.

Making a Difference:

I am aspiring to be a pharmacist. I have a desire to work closely with children, so I would like to work in a pediatric pharmacy or in a neo-natal intensive care unit.

"ACCESS has helped me so much. When I was in tenth grade in high school, they really showed me the opportunities available.

I know that if it wasn't for ACCESS, I probably wouldn't have gone to college and received an education because of the financial burden that it would have been on my family. They helped so much in assisting me with everything. ACCESS is a wonderful organization that has helped so many young adults achieve their higher education goals."
