

College Changes Everything

Mary Grace Campos - ACCESS Alumna

- Education:** Lake Taylor High School; B.A. The College of William and Mary; M.A. Ed., Virginia Tech
- Current Position:** Director of Scholar Support, Student Success Center at Virginia Tech
- Proudest Moment:** Keeping in touch with my ACCESS Scholars and hearing about their graduation from college! Working with students and serving as an example that college really does change everything is an incredible gift.
- Making a Difference:** I now work on pre-college outreach initiatives for low-income and underrepresented students across the Commonwealth.

"It's so important for the community to support the ACCESS College Foundation's mission because it serves the community well. Not only does an education benefit the individual, but we also know that higher education benefits someone who will likely give back to the community from which he comes. It really is a full circle!"
